Lesson 28

	Words
Jan the nav is wex . And in the det I saw Heb . Now	13
Heb is an af . But he is also a tez nas wep . What do	27
I do? If I sen the kep , then the tas nack will get the	41
jen . And I do not want the tas nack to get the jen .	54
Oh no. Not at all. I want Heb to get the leck of nav	68
and then go get a tet lex .	75
If you ask me, I want zes to veb on the pex . And	88
then we will see who gets the ap on the wem . Just	100
let Heb try and get the quen if he gets the tep eck .	113
If he gets the tep eck , then I am going to get the nan	127
pab and the quap dib and then we will see. But	138
what about Jez ?	141
Jez is peb . No not peb ; Jez is peb sab ack . Now I	154
like Jez , but if you like Jez then Zaz the tem is going	167
to go to the han . Why? I don't vev . Jez and Zaz are	180
like Heb . All of them are quet . And they all ses the	192
lan all the nen . Who do they hef in gan when they	204
yeb and yeb and yeb ? Oh well, I beb the nev , and if	217
Heb or Jez or Zaz , if any of them nen the weck or	230
yez the dem , then I will go and tat on the heb and	243
they won't nas or yax or even det . Then they will	254
beb the jas in the nex wen or my name is not Jax Nen .	268
